Abridged Christmas Carol Coloring Book

By Kelly M. Wood

The detailed illustrations were a big help in giving my 7th grade LD students and MH students some visual clues they could use in comprehension and context evaluations. Several of these students could not read but could use these coloring guides to follow the story at a very elementary level. This book also helped my students identify the different clothing of the period and the architecture. It is wonderful and these are additional copies to my collection my others are so old they needed updating. Thank you so so much for making access to this book so easy. K.Wood

Odd Coloring Book

By Marilyn Parker

This is a story book with a small picture on some pages to color. I expected a coloring book, not a book. It is so hard to find coloring books with nice pictures, as some adults like to color. Anyway, If anyone wants strictly pages to color, this is not like that..
