Things a band saw will do

By Les Stewart

This book is for a person that likes to challenge themselves while working with wood. It gives many ideas for projects and tells you how to accomplish all of them. Its also good for the beginning woodworker trying to learn what all the band saw is capable of doing.

There are few if any "patterns"

By Eric Moorehead

There are few if any true patterns for band saw boxes. Patterns for shapes is not what I was looking for.
