0 of 0 people found the following review helpful.

Not a lot of solos included

By D. A. gee

If you buy this book expecting to get pages upon pages of great stuff, you may be disappointed. It has a few pages of solos, and they are good ones which can help you improve your technique and perhaps impress your teacher or your friends. But the author and publisher did not go out of their way to give you a lot for your rudimental dollar.
