It's a gripping adventure story that's so full of superb description of time and place that you feel utterly transported into Torak's world and that of his pack-brother Wolf. \* LOVEREADING4KIDS \* Michelle Paver keeps every minute tingling with excitement, mystery and adventure. \* KIDSREADS \* Paver skilfully enters different perspectives to depict an entire human culture in action. There's nothing "primitive" about her hunter-gatherers... she shows a dignified and resourceful culture rooted in a strong sense of connection with its environment. \* THE GUARDIAN \*

A thrilling story of friendship, survival, and the need to belong.

For two moons Torak has hidden a terrible secret—and now it is revealed. He bears the mark of the Soul-Eater, and must pay the price. Cast out from the clans, he is alone and on the run: cut off from his best friend, Renn, and his beloved pack-brother, Wolf.

He flees to the haunted reed-beds of Lake Axehead, where he is hunted by the Otter Clan, taunted by the Hidden People, and, as soul-sickness claims him, he falls prey to an even greater menace. Tormented by secrets and broken trust, he uncovers a deception that will turn his world upside down.

Best book series to read to/with older kids

By Jason Lampley

This entire series is absolutely wonderful and engaging. My children and I have found our favorite author! We are hooked on the Chronicles of Ancient Darkness. The detail, descriptions and anthropological aspects of this series blows me away. This series helps us understand so much better how much of a connection people used to have with the earth and animals. It's truly a dream come true. The story is exciting, sometimes a little scary (which my kids love) sometimes sad, and full of joy, harmony with nature and deep friendship. We love it.

Addictive

By B Reader

These are set 6000 years ago, and a lot of good vs evil and a boy finding honor strength and courage. My son was absolutely riveted! He got books, one and two out from his school library, and loved them so much that I bought him the remaining four for Christmas. He finished them all by January 2nd. I realize he reads a little beyond his reading level, he's 8, but I'd say that any kid who is into reading, and has read and enjoyed Harry Potter, Rick Riordan and others would find this series compelling. It was a great find!
