That is, until suddenly I'm kidnapped and thrown into a van from right off of the street, and taken to an unknown facility scared out of my wits.

Another steamy romance!

By Grady Harp

Hungarian born author R.P. James embellishes his biography as well as adding a photo of himself as a handsome buff model. So now we know that R.P. is a male hunk with a degree in Economics and a minor in creative writing. He further sates 'When I am not busy writing, you can find me on the tennis courts or in a Taekwondo Dojang. I write books about strong sexy women and the hot alpha males who love them. Of course, step brothers and Billionaires are welcome too ;-) My tastes are every expanding, so keep your eyes peeled for my next hot, steamy, romance!' So we have another short novella from a young man who has a growing sophistication in writing steamy erotica. Not one to settle on Billionaires, or Stepbrothers, or Highlanders, or Shapeshfters or any of the many categories in which he places his sexy characters, he also

explores same ex affairs in a time when that topic is the center of much media coverage. R.P. explores these affairs with a fine tuned sense of balance between character development and steamy sexual encounters..

Apparently Amazon doesn't want this story shared, so just a bit of applause for KIDNAPPED – it has many themes that will satisfy completely anyone who enjoys steamy erotica. RP James never lets you down. Grady Harp, October 15

Don't bother with this, even if it is free

By Rose

Formatting is awful, and the writing is so passive that it became boring. This is more like a first draft, than a final publishable novella that is worth spending money on. The story is dictated like someone relaying a story, rather than making you feel like you're seeing the story unfold as it happens. I tried jumping ahead to see if it improved, but ultimately the formatting got to me. Double-spaced, no spacing between paragraphs or first line indents, and with no conversation the entire first chapter, it was like a wall of text that was fluffed up to try to make money by artificially increasing the page count.
