From School Library Journal

Grade 5-9-- A funny and poignant collection of poems, observations, and vignettes about life, friendship, family, identity, and love, as if from the journal of Kate, a young teenager who also springs to life in two other books by Little. It's a difficult task to evoke an adolescent's voice without writing painfully (for readers) like one. Fortunately, whenever the style is in danger of becoming too polished, an ingenuous phrase saves it; and whenever it leans too much to the adult perspective, a poem straight from eighth grade brings readers right back to the perceptions and feelings of a teenager, complete with old-hat ideas and platitudes written with the gusto of first-time discovery. Sometimes a deft touch of adult perspective adds needed insight to the anecdotes which, if left too authentic, would be muddied by emotional proximity. The situations ring true: Kate's confusion on becoming her mother's confidante, of not wanting to fight with her best friend but knowing it is too late to turn back, or the compassion felt for a dead woman, never lovable in life, who showed one secret moment of gentleness. Kate's observations make the people around her come alive. Young readers will be surprised that they are not on their own emotional desert island, and aspiring writers will be encouraged by Kate's example of journal keeping. The whimsical cartoon illustrations convey expressions and emotions cleverly in scratchy ink lines and washes. The format and illustrations might make the book appear to be for a slightly younger audience than intended, but booktalking should solve that problem. Young writers, looking for inspiration, will find Kate more immediately accessible than Julia Redfern, and fans of Constance Greene and Lois Lowry will gobble this up. --Annette Curtis Klause, Montgomery County Department of Public Libraries, Md.

HEY WORLD, HERE I AM!-REVISED BY JEAN LITTLE PDF

Jean Little frequently weaves poetry into the fabric of her many novels. The critically acclaimed *Hey World* is a collection of short prose and poems, some of which first made their appearance in *Look Through My Window* and *Kate*. The bulk of them are printed here for the first time. With the same blend of sensitivity, insight and candor that has characterized her novels, these short pieces articulate a wide range of young adolescent concerns. "Kate" ponders the nature of love, war, birth, death, siblings, friendship, school, teachers, parents and, of course, members of the opposite sex.

This is a great book but if you're going to buy it off ...

By Josie V.

This is a great book but if you're going to buy it off of Amazon invest in the library binding version. I ordered the paperback from Amazon and I must say I'm more than disappointed with the quality of it. It feels flimsy, the pages are extremely thin, and the name on the spine wasn't printed right. Besides misprinting this book is something I would definitely recommend!

A blast from my past!

By Book Girl

Read this when I was a kid and thought I'd never find it again. It's a strange combination of fiction, poetry, and essays, from the perspective of a middle schooler. A bit old-fashioned in some ways, but many of the ideas it expresses transcend time.

Four Stars

By T. Tomassetti

this was a good book. I think it would be good for pre- teen
