HOW TO LEARN AND MEMORIZE THE PSALMS OF THE BIBLE ... USING A MEMORY PALACE SYSTEM SPECIFICALLY DESIGNED FOR BIBLICAL MEMORIZATION (MAGNETI PDF)

How to Learn and Memorize The Psalms of the Bible ... Using a Memory Palace System Specifically Designed for Biblical Memorization.

If you'd like to improve your ability to learn, memorize and recall the Psalms of the Bible by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be the most important book that you will ever read.

Believe it or not, it really doesn't matter if you think you have a good memory or not.

The information in this book will teach you:

- * Why memory is like a bicycle everyone can ride (with some minor personal adjustments).
- * The real reason why no one should ever be squeamish about memorization or memorizing all 150 Psalms.
- * Why and how some of the most famous memory skills are applicable to memorizing poetry, especially the Psalms.
- * How you can easily create a "Psalm location" memory system based on an easy-to-use principle that lets you imagine your way through places you already know and love.
- * Unique memory techniques that will have you literally "tuning in" on the language of the Psalms.
- * Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate your stress and apprehension as you memorize the Psalms.
- * And much, much more ...

These techniques have been used by real Bible students and scholars, most of whom previously considered themselves owners of a "bad memory," to make real strides in learning and memorizing the Psalms.

Don't worry! None of these techniques are rocket science and they certainly don't require brain surgery or a PhD.

Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize poetry as rich and diverse as the Psalms.

Plus, everything you'll learn in this book applies to every other part of the Bible. And with a little imagination, the system you'll learn is easily transferable to other poetry too.

But there's really no time to lose.

Every day that you are not using this simple memorization system, you are literally stealing from yourself the joy of being able to effortlessly learn, memorize, recall and recite the Psalms as you easily expand the natural abilities of your mind.

I have read much of what Anthony Metivier has written ...

By Jeffrey Ferris

I have read much of what Anthony Metivier has written on the topic of Memory Palaces and I can say that this is the first time that somebody has really put a COMPLETE PACKAGE together on the topic. He gives so many pointers and tips that it is a virtual well-spring of info for successfully creating and USING your own memory palaces. With that said, I was particularly intrigued with this ebook because it advertised the "Telesynoptic Method" of transforming 15 memory palaces into 150 palaces with little effort. As I am typically VERY skeptical, I thought "Yeah sure ... probably just an empty promise". Wow, was I wrong. Using this unique concept for Memory Palaces I'm sure that I'll be able to internalize a truly staggering amount of information, and my New Year's resolution is to improve my Vietnamese vocabulary. Anthony's "Telesynoptic Method" will turn my dream into reality. And if you want to really be "taken by the hand" and gradually coached in these methods, his "Magnetic Memory Master Class" series is very reasonably priced. Anthony, you really deliver what you promise sir I salute you.

Memorize the Psalms

By GT

In this book Anthony Metivier presents a viable method for memorizing as many of the Psalms as you want to. This might sound daunting, but Metivier includes a special technique which he calls "Telesynoptic Memory Palaces" to greatly reduce the amount of effort required to create the huge number of memory places you will need to memorize all of the Psalms.

Interesting and helpful book

By Lisa H

Having read another of Metivier's books, on memorizing German, I thought this book could also be helpful. The process can seem complex at first, however when you break the concept of Memory Palaces down into manageable chunks, then the process of learning new verses becomes much easier. I also liked the information about relaxed breathing exercises to assist your learning, the extra tips given in the bonus sections at the end and the worksheets were really useful. Definitely recommended for anyone who's looking for either a complete method, or helpful tips to learn things such as psalms, verses, poems or bible readings.
