IGGIE'S HOUSE BY JUDY BLUME PDF

When it comes to friendship, who cares about skin color? This classic middle grade novel from Judy Blume carries an important message—with a fresh new look.

Iggie's House just wasn't the same. Iggie was gone, moved to Tokyo. And there was Winnie, cracking her gum on Grove Street, where she'd always lived, with no more best friend and two weeks left of summer.

Then the Garber family moved into Iggie's house—two boys, Glenn and Herbie, and Tina, their little sister. The Garbers were black and Grove Street was white and always had been. Winnie, a welcoming committee of one, set out to make a good impression and be a good neighbor. That's why the trouble started.

Because Glenn and Herbie and Tina didn't want a "good neighbor." They wanted a friend.

Different colors go great together!

By A Customer

This is a story about a girl named Winnie that soon finds out you cannot judge a book by its cover. Her best friend moved to Japan and the new people that moved in were black. Being the first black family in the neighborhood, it made many people very upset. Mrs. Landan was a neighbor that was so upset she wanted to get a petition signed to make them move away. After a short time the new kids, Glenn, Herbie, and Tina, became friends with Winnie. When this happened, Winnie decided to help get them to stay and for people to be nice to them. At the end of the story the new family ended up staying and the mean Mrs. Landan moved away. It was perfect.

I loved the story because it was easy to read and interesting. I can't imagine not liking someone because they were a different color than me. I liked Winnie because she figured this out before anyone. I am glad it is not like that where I live. I recommend it to kids 9 and up only and I think adults should read it too if they are like Mrs. Landan.

Worthwhile

By A Customer

"Iggie's House" is about an 11-year-old girl, Winnie Barringer, who befriends her new neighbors (the Garbers, who have two sons--Glenn and Herbie--and a daughter--Tina) when her best friend (Iggie) moves out of the house they move into. While Winnie doesn't have a problem with the Garbers being black, several of her neighbors do since the area had always been occupied by white residents. So out of loyalty to her new friends, Winnie sets out to crusade against the racism in her neighborhood.

Although "Iggie's House" isn't my favorite Judy Blume book (though I doubt I'll ever give her less than 5 stars on any book), she's great at tackling social problems, such as racism in this book, showing how children typically see things in just black and white, so to speak. Though prejudices aren't as easily overcome as shown here, "Iggie's House" is still a great learning tool for preteens.

a book of reality

By A Customer

This book is short and you can read it in a couple of days or if you love to read it may only take you a couple of hours. The book is about a girl named Winnie whose best friend moves away and her best friend's house is sold to a black family named the Gerbers. Know one in the neighborhood likes them. Every one in their neighborhood is white.

This book teaches a valuable lesson that color of skin does not matter. You can hang out with who ever you want no matter what your nationality . Some people think skin color matters and that black people and white people shouldn't hang out together. This book teaches you that it's okay to.
