but it's useless unless I had access to the recordings

By patmos

The book can't be used unless you have the recordings (tape/ cd) which weren't included. There are no transcripts. Several of the topics in the book are outdated. As a listening practice I probably could use some of the material, but it's useless unless I had access to the recordings. As for the seller I used, the shipment came on time, but the book was said to be like new. It's not. Half of it is filled in.

Nice book

By Maithuskers

This book is very useful for listening specially for foreign student in ESL classes.

I did find it very easy to use too.
