Finally a prayer book for Isians!

By Tranquility

Like all of Alana's Isis products this is sure to please the Isian reader. The book is smaller than expected, but I like the portability. With this first printing the cover is a fully integrated padded hardback cover (no paper cover). I am a very tactile person and I really like the smooth feel and handling of the book.

Inside you will find one incantation page facing a full color picture page (nice layout). In the introduction it says this book is for the everyday reader and I like the portability and ease of usage since I have tight work schedule. I think this book is more approachable than her oracle deck for the novice reader (or those who don't want to use a deck). Be aware, even though many aspects of the deck cards are incorporated into the book I would not consider it an exact duplicate. I think there is something new to be gained with the information contained wherein. The one guiding factor in all the incantations/prayers is that of unconditional love. If this is something you are not into, this book is NOT for you. Also, the idea of letting magick go into the world and forgetting about your work on it is also translated throughout the book. Those who are looking for a devotional and prayer book of Isis will find the inspiration in this book, but the leanings are definitely rooted in basic magick philosophy.

The main draw back of this book is that there is no table of contents. The other detractor is that even the titles on each prayer page don't always incorporate the use of that prayer (i.e. Healing, Overcoming obstacles, etc.) so that you need to read into the first paragraph to know (or remember) which use that prayer is for. I believe with time and usage this will be less of an issue.

Overall, I really like this book, but would like to see more structure for the busy user.

Renewal of previous Work

By Kristin Chase

I was actually expecting some new material with this book, but if you already have the Isis Oracle deck, this isn't new material (which I do). I would still purchase the book (it is small) for the simplicity and the artwork. The artwork is the same from the deck, as well as the excerpts she uses for the book, but still worth the purchase.

Lovely Little Treasure! ♥

By Nina

So Very Beautiful! A Lovely Little Treasure! ♥ The Oracle is my absolute favorite and this book does not disappoint. Powerful, Magical, and Breathtaking! A MUST!
