Publisher's Note

By T. L. Shea

Norwegian Knitting Designs was a classic source of traditional charts from the Norwegian Tradition. Originally published in 1929, from the author's own travels and study of knitted items across the country, this version is a with-permission-reprint, combining two different versions. I have reproduced the 1970's English translation as nearly as I could, and reintroduced charts that were omitted to make room for the simple instructions that the author believed English speaking knitters desired. It is primarily a volume of charts and photographs. Those seeking detailed patterns with complete instructions may be more satisfied with modern patterns, such as those produced by Dale of Norway. If you want to go straight to the source for original, traditional charts for your own designs, be they knitting, needlepoint, or other craft work, then you will enjoy Norwegian Knitting Designs.

A tribute to Selbuvotter

By Goldbergvariations

Lovely patterns. Varied designs. I remain amazed that I have never found a pattern like the mittens knitted for me fifty years ago by my friend, a lovely young Norwegian woman, Guri Beck-Jensen.

One was lost after 44 years of wearing every year. I copied it and have made more sets. I wish i could tell her how much I love them.
