Oliver Sacks was a British neurologist and author who spent his professional life in United States of America. He believed he was a sentient being, a thinking animal on this beautiful planet and that itself was a privilege and adventure for him. He was a neurologist, prolific writer, a lover of life. He inspired many to equate scientific rationality with human empathy, inspired the scientists wanting to write about their profession to write, like he successfully did. He pursued his scientific writing with a clear sense of humanity. This eBook will provide you an insight into his life, his books and the way he led his life and inspired others

Sad use of Sach's name.

By CvD

This work is poorly written and seems to be a opportunistic use of Oliver Sach's name. Using very brief phrases, often out of context from Sach's writing and spinning a banal message on them this just seems like a cheap shot at capitalizing on a great man's name. Have read all os Sack's works, but cannot reccoment this book at all.

Transform your Life

By Vinodhini

A great person, his words are so inspiring. Loved few ones like: "Be true to yourself" "Speak your mind" and much more. Must read by everyone, get inspired and follow his footsteps. GOOD ONE...

Oliver Sacks

By L. Hammer

A quick little read on Sacks' life philosophy, as seen through his quotes and Dia T's analysis. Uplifting and encouraging.
