## **BY T. NOVAN, TAYLOR RICKARD PDF**

In the months following the end of the Civil War, the South is in turmoil. Some men return, some do not, and of the ones who do return, many were carrying permanent injuries. Addiction to opium based pain killers is epidemic, as men who had started the war as hale and fit workers can no longer even climb stairs or hold a pen, or an axe or a hoe. The Redmond family is no different. The patriarch of the clan, who had been horribly injured at the Battle of Appomattox Station, is in constant pain, and is very limited in what he can do, with missing fingers, and a permanently damaged leg. His wife, Rebecca is occupied with trying to raise five very active children while rebuilding the horse farm that is her family's traditional source of income. Charlie and Rebecca are joined by old friends from Culpeper and from the Army to rebuild their lives and the town of Culpeper, while new people slowly return or migrate to the town, hoping for a new life. In this carefully researched second book of the Redmond Family Saga, Charlie and Rebecca's relationship continues to grow, as Charlie finally comes to recognize that he is indeed a man, though with the body of a woman, and to accept himself. Rebecca is pleased to have her Charlie back, and in one piece, if not physically, at least emotionally.

Absolutely loved it. I have read Words Heard in Silence ...

By Amazon Customer

Absolutely loved it. I have read Words Heard in Silence more than once and was happy to see it available as an e-book. I wanted that story to continue and I hope it will.

Too pricey

By Amazon Customer

The price for the book it way too high for kindle. Paying 9.99 is a good price for this book. The story is amazing. The characters draw you into their lives and story. I couldn't wait for this book to be released. I'm just stuck on the price and I can't bring myself to pay 11.99 that's just too much. Other than that I have no problems at all and would encourage many people to read both books. I finished the first book in 3 days between classes.

Love this series.

By B. J. Brown

I didn't know this book even existed. I had read the first book a long time ago, but reread it so i could move into the second book. I like this series because it is about the rebuilding of the US after the Civil War. The history is great and the characters are well built. There weren't any spelling or grammar errors, it just needed some proofing to remove words out of context or duplication. I am anxious to read the third book.
