In a class by itself.

The only book that shows you how to create luxurious Colefax & Fowler interiors in miniature. 'The Yellow Drawing Room' is a superb variant of Nancy Lancaster's famous, full-scale classic. If you like stately English houses, this book is a Must. Not a book for beginners.

A Must for the Do-It-Yourself Miniaturist

By A Customer

Jessica Ridley has miniatures in her genes. After all, her grandfather was the designer and builder of Queen Mary's Dollhouse. :-) She is a miniaturist and faux painting artist who incorporates her specialty in her projects, giving the reader alternatives to the usual approach to dollhouse decorating -- namely siding for the exterior and wallpaper for the interior.

She teaches techniques for faux finishes, customizing and building furniture and accessories, as well as using interesting and unusual materials. The instructions are illustrated with plenty of color photographs, so you can see how the project looks at the different stages.

I highly recommend this book because I think that it stirs up your creative juices and inspires the miniaturist to try something new and personalized in their projects, while at the same time saving money. Who could ask for more!
