Not to bad

By Amazon Customer

I picked this book up hoping it would be a good distraction, and it did a good job. The story line was good, and while predictable the story kept me reading on.

Some people have complained about the editing, but the latest version has fixed most of the issues.

Overall the book is good and an easy read. I enjoyed it. Do not let the bad reviews turn you off I enjoyed the books and I think you will too.

Riothamus - the high king

By sumloki

Whilst not perfect from a literary point of view, the author tells a tale that holds your attention from beginning to end. Not quite swords and sorcerers but fine fantasy. I would be keen to see another book in the series as the storyline could easily be extended. I would recommend this story by an emerging author to anyone wanting a good story to while away the hours that will keep you reading nearly compulsively.
