# THE QUEEN'S MUSKETEERS: BOOK 1 BY R.A. STEFFAN PDF

One for all. All for one.

The year is 1631, and the Black Death has returned to Europe. France lies in ruins. The King and Queen are in hiding, and a Spanish pretender sits upon the throne.

Charles d'Artagnan's family is dead. His land, seized by armed peasants. He's out for revenge, but at this point he'll settle for an honorable death. Instead, he finds adventure, intrigue, romance, danger, and a legendary brotherhood for the ages.

Gritty and raw with an undercurrent of hope, *The Queen's Musketeers: Book 1* is a very human reimagining of Alexandre Dumas' classic tale, set in a world driven to the brink of madness by plague and political upheaval.

Author's note: This book contains graphic depictions of sex and violence, and includes descriptions of self-injury with religious connotations. It is intended for an adult readership.

Great writing

By Gwendolyn E Druyor

I liked this book so much I pursued the author until she let me narrate it.

I haven't read any Musketeers tales beyond the original but a friend highly recommended Steffan's writing and now I do as well. The characters are all so very clear and compelling and it is their personalities that drive the story. I usually cringe at sexy stuff but Steffan dives in there and you feel like you're a part of things rather than a creepy lookie-loo (which is incredibly strange considering the set up of the sex scene in this book!)

As a sword fighter myself, I love well-written fights and Steffan delivers here as well. I have already begun reading her other series; *The Horse Mistress*.

A quick and entertaining read for Musketeers fans!

By gypsyjack73

I suspect I'm not the only person who became addicted to the Musketeers because of the recent BBC series, nor the only one who experienced withdrawal when the most recent and too-short season ended. For fans who are biding their time till season three starts, this series is an excellent remedy for those withdrawal symptoms.

This first book is very short (about 50 pages on my e-reader, not including the preview chapter for book two) and reads almost like a teaser for the rest of the series. That said, as a teaser and introduction it works very well. The characters are introduced in a way that makes them familiar to existing Musketeers fans, yet they're just different enough that this author has clearly made them her own. The circumstances in which they find themselves are also different from other interpretations that I'm familiar with, yet are realistic for the time period. Historical terms are used throughout, helping to lend authenticity. For those unfamiliar with the terms, there's a glossary at the end. The plot moves along quickly, told entirely from d'Artagnan's point of view, and by the end of the story the reader will want to know what happens to these characters next.

Luckily for those new to this series, book two (No Haven Beckons) is already out as of the posting date on this review, and book three seems to be on its way very soon. I suggest starting *We Feared to Fly* now, and you, lucky reader, will be able to read the first three books of *The Queen's Musketeers* series with hardly a wait between installments. Happy reading!

A Compelling Musketeer Adventure

By Sabine B. Jackson

I thoroughly enjoyed reading the first installment of this series by R.A. Steffan. It was a very quick read. It can definitely be recommended to those who like the original novels by Alexandre Dumas. Without spoiling a good read to others, the plot is original and very credible in its twists and turns that deviate from the original. The author keeps the readers on their toes with unexpected, yet somewhat familiar, scenes. Geared towards a more mature readership, I would say setting, mood and tone are somewhat dark and serious, without taking the fun out of it. The characters are cleverly introduced and developed. At the end of the first part, readers will want to know more about the adventure(s) the Inseparables have embarked, true to their motto: "All for one, and one for all."
