## About the Author

Latoya Chandler is a New York-based writer. She enjoys her career as an executive assistant to the CEO of a non-profit organization. When not busy writing or burying her nose in books of the urban romance/fiction persuasion, Latoya enjoys spending time with her family, which includes her five loving children and her very patient better half. In October of 2013, Latoya's life changed drastically when she realized she wasn't crazy and the people talking—or the voices in her head—were actually the voices of her potential characters desperately wanting to be heard. She began writing and before she knew it, she had penned her first novel, Torn: I Don't Need You, But I Want You. Latoya's pride and joy is scheduled to be released and published this winter from her long-desired personal publishing company, Passion Publications.

Latavia Carter can't live or face the present because she's stuck in her past. She marries the man of her dreams but she's unable to appreciate him because of her haunting past. Lies, secrets, and infidelity cause her life and the ones around her to spiral out of control. But is it her fault? How can it be when just about everyone in her immediate circle has a secret of his or her own? Who can she trust? Better yet, how can she trust anyone when she can't even trust herself? Darnell Carter, also known as Latavia's Aladdin, is the epitome of the perfect man. His decision to keep a one-night stand a secret sends the world he's worked so hard to build crumbling down, placing him in a life-or-death situation. Forced to take matters into his own hands, as divorce isn't an option in his eyes, Darnell promises to honor his vows—by any means necessary! He is a firm believer of his vow, “Until death do us part”, which he doesn't take lightly. Nariah Westbrook is a scorned woman faced with demons of her own. She believes a man is only good for one thing—if he can manage to get that right. If sex doesn't include her being in a position of power, she wants nothing to do with it—until she finds herself falling in love with Mahogany, who is emotionally unavailable and isn't the person she set out to be. Nariah allows sex to dictate her life, which in turn fucks her and the world around her real good. Come take a journey into this romantic thriller of sex, lies, and betrayal, and see if Torn won't have you second guessing who you can trust—especially if your wants overshadow your needs.

Torn...Six degrees of separation

By S. Starks

I was gifted this book and I must say it was one of the best gifts I've received. Talking about six degrees of separation, my goodness if ever there was one. I think every last character in this novel was psychotic. No

doubt, Tae was she dealt with a lot but it didn't give her no reason to treat her husband that way. Darnell all he wanted to do was love his wife and that he did. Nae if that's how you love your best friends I'll rather do without. Sharon had to be the craziest of them all to do the things she did; with BK coming in a real close second. Walter I just can't with him, I really think that he is the old man BK was talking about, ugh how gross. Nard has to be the sanest of the bunch and that ain't saying much, but at least he had is partner's back, he actually is a true definition of a friend. i won't give anymore away I just recommend you do get this book. I couldn't put it down and I found myself trying to skip to the back just to see what was going to happen. This is definitely a great read.

Explosive and Exciting!

By Shekina Nyree

I couldn't wait for this book to be released, and let me tell you it didn't let me down. I've never seen so many people with tumultuous lives. The way that the Latoya has intertwined their stories was nothing short of amazing. After reading this story it will have you sitting back thinking about the people in your life. Lol! I was saddened by the way it ended, only because I didn't want it to, but I look forward to part 2. Great Job Latoya and I look forward to reading more of your work.

A wonderful read

By Cyril Patrick Feerick

"Torn" by Latoya Chandler is a fascinating and highly entertaining read. This is the first story by this author I have read, and I found it to be well written and well edited. In the book so many bad things can happen to people through no fault of their own, while with other people one mistake can haunt them forever. And then, there are many points in the story that I thought I knew where things were going, but now I am not so sure. It really is messing with my head! and I loved it :o) The realness of the characters and plot are what makes this book exceptional and I am anxiously waiting for part two! If you like romantic thrillers, this is a wonderful read.
