Sevilla*, it is extremely easy then, because currently we extend the connect to purchase and make bargains to download *When To Let Go By J.M. Sevilla* So simple!

## WHEN TO LET GO BY J.M. SEVILLA PDF

Three stories. One book. Six lives intertwined.

This is a story that starts at childhood and ends with adulthood. It's about the first time your lips meet and the last time they part. It's the free falling of love and the pain of crashing. It's broken promises and stolen kisses. It's reaching for the sky and letting dreams slip away. It's the past controlling the present and the present defining the future. It's learning when to stay and when to go.

Stress inducing (Not in a good way)

By Amazon Customer

~~~Spoiler Alert~~~

OMG I'm so disappointed with this book. I absolutely LOVE JM Sevilla's Marked series. So when I saw this book I stopped everything to read it. I was THRILLED. On that note. What an utter disappointment. Yes the beginning of the book was great. The way the characters developed, I was hooked. Then almost towards the half way mark, the book just took a turn for the worst. When I say worst, I mean I absolutely hate this book and if I had read this book first, I'd never read anything from this author again.

This is where the spoilers come in so if you don't want to see it, then don't continue. I'll try not to get too specific.

If we didn't have just the stupid decision makings, you had the player who slept around like crazy and then did it right under the h's nose for no good reason. Why was that particular H even in the book? They don't get together till the very end. The story is mostly about the Hs or hs with other people. I'm not interested in reading about a romance where they have other girlfriends or boyfriends. And don't even get me started on Ava and Parker. I hate those two What she did to Wes was so stupid that if I were his sisters I would have given her a much needed beat down. And Parker? How the HECK is he a H in this book. He's usually the one the h opens her eyes about and dumps his butt. So there goes 2/3 of the romance. Then you have Ryker and Megan (I think that's their names). That was boring. Megan was an idiot and I think it should have been her who met her demise. Sorry for the harsh words but after having to read this garbage, I have no other opinion. Now to go back to my old trusty Sweet Temptation by KC Lynn to put me in a good mood again.

I wish this author would have stuck to her style of riding. Or at least kept the H and the h someone you'd want to be with.

Loved this author up until this book

By Well Read Nana 1/24

Loved this author up until this book. The story is so juvenile, had I known it was filled from beginning to end with a bunch a puberty and high school kids full of angsts and issues I would have passed. This is definitely a YA book. The Marked series was great. It was exciting, suspenseful and funny at times with a great love story and epilogue. It should have stayed there. I was so excited in the beginning of the book, old characters were back and it was looking promising telling about "our favorite couple's friends". Unfortunately it then turned into a teenage coming of age book with so many characters and to much nonsense. Shame because the first few chapters had great potential to tell a wonder story before it all went to the kids.

Wow! Incredibly Well Written.

By MichelleMyBelle

5 stars!!! I took my time reading this book. First of all the evolution from the Noah Baxter suspense series to this was phenomenally seamless. Yes, this can easily be a stand-alone, but why would you not want to fully immerse yourself in the fantastic all-encompassing saga of 'The Baxters'? When to Let Go is about Noah and Lilly's kids. There is no main hero or heroine in this book but instead a handful of main characters who become intricately folded into each others lives. I did not want to miss a beat as they all sorted through their growing pains, and my heart melted with each chapter. The author poured all she has in making these characters captivating. I felt this and became emotionally invested in each page, not wanting this read to end.
